Location: Computer Science Building, Jubilee Campus, University of Nottingham

Present (in order of attendance):

- Andreas - Team Admin
- Aaron - Deputy Team Admin
- Mateusz - Git Master
- Daniel - Deputy Git Master
- Martin - Team Leader
- Jacob - Deputy Team Leader
- Humais - Git Helper
- Dixon - Member

- Charlotte Fardell - Company Contact
- Neelima Sailaja - Academic Supervisor

Agenda:

- Welcome and introduction (5 minutes):

- Call the meeting to order
- Converse with present team members
- Briefly introduce the purpose of the meeting

- Progress from last week (25 minutes):

- Martin goes through the pitch deck which has all of the information collated together, so all the work that everyone has done throughout the week are on there.
 - Everyone has delivered on their tasks. We are all good there. Each task has been given points, which can be found in the description of each task in git.

- What was said in the meetings (Two 30 minute meetings - 60 minutes):

- Meeting with Academic supervisor
 - Re-set up recurring meetings - wednesday after next for academic supervisor
 - academic supervisor - likes the solar one
- Meeting with company contact:
 - Everything was fine
 - Agrees with our choice of use case 5- the more data you have access to the better,
 - Change the persona age to a bit older
 - Says that the colours and the fonts on the prototype are all good

- Deliverables for this week (30 minutes):

- These are the deliverables for week 4:
 - Martin - creating a Sequence or class diagram & Pitch deck for the week.
 - Andreas needs to fill in the SCRUM points documentation up to sprint 4
 - Mateusz and Andreas need to go over the git repository and make sure that everything is ok with that.
 - Send a list of all the data points for her to ask for data
 - Jacob, Daniel and Mateusz - Evidence of AI-driven features being worked on.
 - Andreas & Aaron - Evidence of the start of UI/ Dashboard design and functionality implementation process

Next Meeting: Wednesday 29th November - Time: 12:00PM - Place: Computer Science Building
