

Minutes Document 16

Date: 01/02/2024

Time: 1:00 PM - 2:00 PM

Location: Computer Science Building, Jubilee Campus, University of Nottingham

Present (in order of attendance):

- Andreas - Team Admin
- Humais - Git Helper
- Daniel - Deputy Git Master
- Martin - Team Leader
- Mateusz - Git Master
- Jacob - Deputy Team Leader
- Aaron - Deputy Team Admin
- Dixon - Team Member

Agenda:

- Welcome and introduction (5 minutes):

- Call the meeting to order
- Converse with present team members
- Briefly introduce the purpose of the meeting

- What needs to be discussed (25 minutes):

1. Reorientation Discussion

- Revisit our accomplishments from last semester.
- Outline and agree on objectives for the current semester.

2. Regular Meeting Schedule

- Determine a weekly meeting time that suits everyone.
- Decide on the format of the meetings (in-person, hybrid, etc.).

3. Availability Check

- Share any dates or periods when you are not available for in-person meetings.
- Plan the schedule accordingly to ensure maximum participation.

4. Industry Contact Engagement

- Plan and discuss interactions with industry contacts.
- Ensure alignment with industry expectations and feedback.

5. Reflective Group Discussion

- Discuss what went well and what can be improved from last semester.
- Share insights and suggestions for better teamwork and project outcomes.

6. Project Review and Progress Tracking

- Review the current status of all project components.
- Update the project timeline and track progress against goals.

7. Resource and Tool Evaluation

- Assess the tools and resources currently in use.
- Consider any additional tools or resources needed for this semester.

8. Personal and Team Goals

- Share personal goals for this semester related to the project.
- Align these with the team's collective goals and objectives.

9. Feedback Mechanisms

- Discuss and establish effective feedback mechanisms within the team.
- Ensure continuous improvement and open communication.

10. Next Steps and Immediate Priorities

- Identify immediate priorities and tasks for the next few weeks.
- Assign responsibilities and deadlines where applicable.

- Deliverables for next Tuesday (30 minutes):

- Martin

- Email the new stakeholder about the new meetings - Thursdays 1-

3

- Conduct a separate meeting to see what data needs to be

displayed in the webapp

- Create a new deck for industry sponsor

- Andreas:

- Create a large document for what needs to be done every week.

- Look at the git repo and see what is going

- Everyone:

- Everyone creates a form of report of what they have done & need

to do

- Update on everyone's git profile.

- Send documentation to Andreas by Saturday

Next Meeting: Thursday 8th February- Time: 1:00AM - Place: Computer Science Building
