

Minutes Document 18.2 - Backend and UI Meeting

Date: 13/02/2024

Time: 1:00 PM - 1:20 PM

Location: Computer Science Building, Jubilee Campus, University of Nottingham

Present (in order of attendance):

- Andreas - Team Admin
- Humais - Git Helper

Agenda:

- Welcome and introduction (1 minutes):

- Call the meeting to order
- Converse with present team members
- Briefly introduce the purpose of the meeting

- What needs to be discussed (4 minutes):

- Discuss connecting the AWS server to the front UI to allow secure storage of user credentials
- Discuss ideas on how the backend can be used in our webapp

- What was discussed and decided (15 minutes)

- Andreas to discuss/briefly mention Dixon to Neelima,
- Research into connecting the AWS database to the login screen for week 1 and implementation for week two or week 3.
- Humias to add all the documentation for the Backend to git
- Make a new document outlining the reasoning of why this work was done - testing, example implementation.
- If help is needed, send Andreas a message

- Deadlines:

- Soft Deadline - Thursday 22th February
- Hard Deadline - Thursday 29th February

Next Meeting: Thursday 15th February- Time: 1:00PM - Place: Computer Science Building
