

Minutes Document 34

Date: 19/04/2024

Time: 3:00 PM - 3:45 PM

Location: Online

Present (in order of attendance):

- **Andreas** - Team Admin
- **Mateusz** - Git Admin
- **Humais** - Git Helper
- **Aaron** - Deputy Team Admin
- **Dixon** - Team Member

Agenda:

- Welcome and introduction (5 minutes):

- Call the meeting to order
- Converse with present team members
- Briefly introduce the purpose of the meeting

- What was discussed (20 minutes):

- **Andreas goes through what sections have been done on the final report, the Software Manual and the User Manual**

- Deliverables for Monday (25 Minutes)

- Andreas:

- Add testing section to the UI section of the software Manual
- Finish the User manual with Aaron
- Comment and Tidy Up code for 'Software' Part of the Rubric
- Work with Daniel and Jacob to get the final report done and ready to be

reviewed.

- Make a note of a storyboard for the video
- Tidy Up git and add the different directories for everyone

- Humais:

- Implement an email verification system
- Write up the Backend Section on the Software Manual
- Comment and Tidy Up code for 'Software' Part of the Rubric
- Try and move our webapp to be hosted on a server so multiple people can

access it at any given time.

- Find all docs you've written and store them in new git on the UI branch

- Aaron:

- Finish the User manual with the help of Andreas
- Comment and Tidy Up code for 'Software' Part of the Rubric
- Find all docs you've written and store them in new git on the UI branch

- Daniel & Jacob:

- Work on completing the Final Report with help from everyone when needed to write about the sections of the project that they undertook.

- Write the MLM section on the Software Manual for the similarity search for Dan and the graphs for Jacob.

- Jacob - Write Abstract and copy it into the doc for review
- Find all docs you've written and store them in new git on the UI branch

- Dixon

- Work with Humais to try and move our webapp to be hosted on a server so multiple people can access it at any given time.
- Find all docs you've written and store them in new git on the UI branch

- Mateusz:

- Review the MLM section on the Software Manual and add anything if necessary
- Preliminary reflections section on the Final Report
- Find all docs you've written and store them in new git on the UI branch

- Martin:

- Find all docs you've written and store them in new git on the UI branch
