WORK EXPERIENCE

Diesel (Clothing Brand): *Client Advisor* - London, UK | Jul 2023 - Present

- Consistently exceeded monthly sales targets, always ranking within the top 3 sellers in the store
- Built and maintained a loyal customer base, leading to repeat sales and referrals
- Assisted in administrative tasks, including processing online orders and collections

The Village Fish & Chips: *Counter Staff* - London, UK | Jul 2021 - Nov 2021

- Effectively served customers and managed orders on tills, both in-person and via phone utilising multi-channel sale tactics
- Excelled in a dynamic and demanding work environment, effectively collaborating with a team
- Prepared and delivered 1000s of high-quality food orders with speed and accuracy

National Citizenship Service: *Volunteer* - London, UK | Aug 2020 – Sep 2020

- Led an online campaign during COVID-19 advocating for government supply of PPE equipment to the homeless.
- Coordinated PPE equipment deliveries to support people with complex and diverse needs
- Raised public awareness and funds through presentations with LinkedIn employees and direct engagement with the public

EXTRACURRICULARS

Bishopshalt School: *Senior Prefect* - London, UK | Oct 2020- Jun 2022

- Produced essential core values and principles students should abide by, along with an assembly to announce them
- Effectively assisted events through actions such as organising the sales of refreshments and aiding visitors with professionalism

Young Professionals Virtual Work Experience | Feb 2021- Mar 2021

- Participated in dynamic conversations, actively engaged in discussions and contributed to the webinars and workshops delivered by the company leaders
- Learning how to network, build confidence in the workplace and have a better overall understanding on the working world

Google Lighthouse Project - London, UK | Aug 2019

- Developed and executed a presentation of my own extra-curricular interest in the field of computer science to educate peers about that topic
- Studied professional development skills with Google to develop employability skills by participating in skill building and career enhancing workshops
